Adrenalin

Congratulations to Joan Hively and Steve Woodruff, who officially christened **Adrenalin** at the South Shore Yacht Club in Newport Beach, California, on March 4, 2010. The ceremony was performed by Rosemary Kimbal.

*For thousands of years, we have gone to sea. We have crafted vessels to carry us and we have called them by name. These ships will nurture and care for us through perilous seas, and so we affectionately call them "she." To them, we toast and ask to celebrate **Adrenalin** .*

To fair winds and following seas.
